### Level Playing Field Weeks of Action 2014

**(name of sports team/ club)** Club is pleased to support the 2014 Level Playing Field (LPF) Weeks of Action 2014. It provides us with a real opportunity to show what we have achieved for our disabled supporters, both Home and Away, and the wider disabled community.

LPF is a campaigning and advisory organisation working on the behalf of all disabled supporters. LPF works to share good practice, raise awareness and promotes improved access to sports stadiums for disabled fans and disabled people who aspire to attend live sporting events. LPF uses the unique voice of sport to improve access and inclusion for disabled people across a wider society by working alongside sports bodies and government.

**[you may want to include your own LPF events and/or information about facilities for disabled supporters and information on how to contact the club here]**

LPF offers advice to clubs, sporting bodies and individuals. They run a yearly award scheme recognising people that have made a difference to disabled supporters. Further information is available on their website [here](#).

LPF also provides a professional and cost effective Access Audit programme The audits are specifically written for sports stadia, venues and arenas.

Level Playing Field would like to thank (**insert Club name**) for supporting this annual initiative.
